FIRE DEPARTMENT.

Yesterday the members of the Lighter H. and L. Company met in Mr. R. Scott's room, over Halpin's hardware store.

Mr. W. W. Bishop presided, and Mr. Schoppmann acted as secretary.

Charles Noakes was chosen to serve as night watchman, with a special view to the prevention of fires and the apprehension of incendiaries, if any of those evil disposed gentry should be around.

On the election of Mr. Noakes, Mr. J. Pattie, Deputy Sheriff, announced that he would request Sheriff Kane to deputize Mr. Noakes, so that the latter would be armed with the full powers of the law to arrest evil-doers in general.

Attention was called to the careless manner in which many citizens encumber the rear of their houses and stores with empty boxes and combustible rubbish of all kinds. There were also complaints made about several chimneys and stovepipes which were not properly fixed.

The Department desires to give a timely warning on this matter, for the officers will go around and inspect the premises of all, and those parties who do not take proper precautions on both the points named, will be proceeded against. The law will be strictly enforced, so those who have not taken the proper steps, had better be doing so without delay.

A committee was appointed to solicit subscription for the payment of the night watchman.

The committee is composed of the following gentlemen: Messrs. White, Hamilton, Clancy, Higgins and Kasten. The subject of erecting a building upon the lot owned by the Department was discussed. It was proposed to erect a substantial two-story building, the lower floor to accommodate the two fire companies, and also to have a large hall to let for meetings, balls, etc. The upper story to be divided into offices, bedrooms, etc.

To accomplish this undertaking, it is proposed to form a joint stock association, the shares to be taken by our citizens. We think the suggestion worthy of the serious attention of the public. The Fire Department need and must have a place to house their apparatus, and by the proposed plan the building would be a source of profit instead of expense. We hope to see the project carried into effect.

After empowering the foremen of both the Fire Companies to act as Fire Wardens, the meeting adjourned to the second Thursday in November.

JUSTICE'S COURT.—State vs. Lazenby. In this case the defendant was charged with assaulting Mrs. Grambs. The trial was set for yesterday, and a jury was summoned, but the Prosecuting Attorney, Mr. McDonald, dismissed the case. We are informed that the reason why Mr. McDonald dismissed the case was, because he was dissatisfied with the jury that was summoned. We are not acquainted with the facts of this matter, but certainly it would appear an easy affair, in a town like Pioche, to summon a jury that is unobjectionable to both parties, especially for a trial in a justice's court.

A GOOD JOKE.—It is one of the funniest things in the world to find the Radicals complaining about alleged lavish expenditure, after being gorged with the nation's plunder for years and years. Like a prude of doubtful reputation, they are eager to accuse their neighbors of like offenses. Go to. Go to. We shall next hear of Doll Tearsheet assailing the character of some honest burgher's wife.

LEFT TOWN.—Col. Harry I. Thornton, Mr. Hyman and Sheriff Kane left town yesterday morning for an excursion among the dear Perps in the outside settlements. Col. Thornton and other gentlemen will speak at Panaca to-night.

THE IVANHOE.—Mr. J. R. Duff, the Superintendent of this mine, informs us that a rich vein of two feet wide has been struck at the bottom of the shaft which is now 212 feet from the surface. The ore in the ledge is extremely rich. Much of it is decomposed, and has yielded assays of \$1947.79 to the ton.

THE VULCAN.—This mine is situated beyond the Bowery. The incline is 145 feet deep. The vein is 4 feet wide and contains ore from wall to wall. There are now 130 tons on the dump. It is expected the ore would mill from \$60 to \$80 per ton.

TEAMS.—Yesterday Main street was crowded with teams bringing in goods. Some parcels for the railroad also arrived.

NET RECEIPTS.—We are happy to say that the net receipts of the bull given by the Society of St. Vincent de Paul will considerably exceed \$600.

DR. FOLTH, who has been ill recently, has so far recovered as to be able to attend to the duties of his profession.

D. A. FULKS, of Fulk & McAlpin, is our candidate for County Commissioner, and we have reason to believe that his friends will stand in and make his election sure.

The purest and freshest drugs and medicines are to be had at Burrage's Drug Store, Main street, directly opposite Lacour street. o2-1m

GLACIAL.—The coolest piece of impudence we have seen lately, we noticed in the Review last night. Why, the fellow is increasing his demands daily. First, he claims all the schools and churches; next, he insists on having the Grand Juries, and last, he wants to run a Democratic Convention. At least so we suppose, for last night it was growing because the Lincoln County Democratic Convention was not engineered to suit the Review. This was a terrible omission, and if the Convention had not been adjourned sine die, we should ask the Committee to recall it to show fitting respect to the criticism of the Radical Review.

POSTAGE.—We have been requested to call the attention of persons mailing newspapers, that a one cent stamp pre-pays one paper, if it does not weigh over two ounces; but if it goes the slightest fraction over two ounces the paper is held for postage. When two or more papers are sent in one wrapper more than one cent stamp is required.
